

Downloading Photos from the PHLCVB Photo Library

Step 1: Access the discoverPHL photo library by visiting our website, discoverPHL.com, and scrolling to the bottom. Under “Media” subcategory, find “Photos.”

Step 2: You may freely sort through the photos available on our photo library by either scrolling through, or filtering by category. The category drop-down menu is in the upper left-hand corner of the library. There are 19 sub-categories to choose from.

Step 3: You may also utilize the “Search” bar in the top-right hand corner of the library to search for a specific photo, or series of photos related to the same idea. **Please note:** the photo library automatically defaults to sub-category “Top Philadelphia Photos.” If you are utilizing the teal search bar, it is best to first categorize the photo library by “All Categories” i.e. the top sub-category in the drop-down. This will give you the widest array of results.

Step 4: When you find a photo you wish to download, simply hover over the desired photo until you have the option to “View Photo” or “Download.” Click on “Download”
